

Review of the list of SBIs in Trafford as reported by Capita

Table 1 gives the list of SBIs alleged to be in Trafford borough, as reported by Capita in their Table 18, together with the actual borough recorded by Greater Manchester Ecology Unit (GMEU) in the Greater Manchester SBI register (based upon the 2024 review season). This reveals that only 11 of the 47 sites listed by Capita are actually in Trafford, with the remaining 36 sites being in a variety of other boroughs but especially Stockport and Tameside.

Note that Capita's table includes 48 sites, but one of these is a duplicate (Norbury Brook) so there are only 47 unique sites in their list.

Table 1: SBIs listed by Capita as being in Trafford, together with the actual borough in the GMEU SBI register				
site_id	site_nam	grid_ref	site_gra	district
B59	Clifton Moss (North)	SD 762 036	B	Bolton
